

## WATER TO BE ANNEXED TO CITY

Committees on Municipal  
Laws and Engineering De-  
cide to Accept Territory.

WILL INSPECT THE LIGHTS  
COUNCILMEN BELIEVE GRAVEL  
PITS MAKE CITY UNSIGHTLY.

Waterloo has knocked for admission to Salt Lake, and the door was thrown open last night when the joint committee on municipal laws and engineering met and decided to annex the strip of ground between Third, East and Fifth East streets and from Temple street, or Eleventh South street, to Twelfth South street. The city attorney did not know just what course had to be taken for the annexation of any strip of land to the city, so the matter went up for a report by Monday night. The city engineer will receive the map and change the names of some of the streets. A number of them are First avenue, Second avenue, and a few others, which would conflict with the numbered avenues on the northeast bench. So the Waterloo streets will be changed.

Sugar House will have to include the territory to Thirteenth East street, and west to Sixth West street before it will be admitted through the petition now before the council. This will make the city limits from Twelfth South street all the way from Thirteenth East to Third East and not the ragged boundary that now exists.

The committee on improvements will meet at the Wilson hotel this afternoon at 2 o'clock for the purpose of scouting around the city in automobiles to look up more than 100 petitions for electric lighting, which have been received during the year. Residents in every part of the city have been clamoring for lights, and the committee will decide which places need them most. The automobile trip will take all afternoon.

### Claim Is Allowed.

The claims committee allowed the claim of Mrs. E. A. Lynn of 736 East First South street for \$218 damages, as a result of three floods during the last year. It was shown that the water came down Eighth East street, became clogged in the covered flume and then shot diagonally across the street into Mrs. Lynn's cellar, carrying gravel, stones and other debris upon her property. City Engineer George Q. Chubb was instructed to investigate the condition here to guard against future damage from floods.

There will be no more gravel pits opened on city property north of Warm Springs for some time to come. If the public grounds committee has its way, last night an application was turned down. It was believed by the committee that the city is losing every time a new pit is opened, as the face of the mountain is badly disfigured and gives visitors a bad impression, as well as looking unsightly to the residents of Salt Lake.

The city recorder was instructed to advertise notice of intention to build a sewer in Hawthorne avenue, which runs east from 23rd South East street. During the rest of the time the engineering committee was in session George Chubb, city engineer, tried to explain what the board of works did to the old contracts and specifications the night before.

### WIDOWS ARE WITNESSES.

Testify in Damage Suits Brought Against Mining Company.

Before Judge Page Morris in the United States court, Thursday, the damage suits brought by the administrators of the estates of John T. and Clint B. Leigh, each to recover \$50,000 from the Boston Consolidated Mining company, for the death of the two men, on Feb. 19, 1907, occupied all of Thursday. Five witnesses were examined, including the widows of the two victims. After this testimony plaintiffs rested the case. Five witnesses were examined for the mining company before adjournment.

### HERO-NEVADA MINES COMPANY TO DISSOLVE

A voluntary petition for the dissolution of the Hero-Nevada Mines company was filed in the district court yesterday, upon application of H. M. Chamberlain. The company has a capital of 1,000,000 shares, \$500,000 of which have been issued, of which 25,000 shares were present at the meeting when it was decided to dissolve. Among the officers are Van D. Spalding and W. D. Livingston.

### Intestinal Indigestion

A Form of Dyspepsia Usually Resulting from the Inability to Digest Starchy Foods.

There are a great many persons who are victims of a disease which is due to the fact that the starchy foods are either partially digested or not digested at all, and the result is a condition may be either an obstinate constipation or a persistent diarrhoea.

This inability to digest starch is called "amylaceous dyspepsia," a disease which is much in evidence. Americans are notoriously poor digesters of starch and starchy foods, such as potatoes, rice, bread, etc., are digested entirely in the small intestine, and not in the stomach as proper, as is generally supposed. It can be readily seen how intestinal indigestion will usually produce diarrhoea.

In the small intestine the pancreatic juice acts upon the starches and ordinarily, in a state of health, possesses the power of converting them into grape sugar and dextrin. Starch must be so transformed before it can be of use to the animal body. Resisting starch is digested, it either passes through the alimentary canal, and proves a useless burden to the system, because it resists absorption, or it causes intestinal indigestion, the food particles becoming acid through putrefaction, which often sets up a catarrhal inflammation of the intestine, resulting in diarrhoea.

In a complaint of this character many persons use paraffin, Squibb's bismuth and tannin to relieve the diarrhoea, all of these remedies being powerfully astringent, and they stop the trouble suddenly, "locking up" the morbid secretions, throwing the toxic intestinal products back on the system, and often causing death through auto-intoxication.

## Grows Hair on Bald Heads

A Remedy that Costs Nothing  
If It Fails to Do as Claimed.

Research is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and thus prevent its growth.

The famous Rexall "33" Hair Tonic is chiefly composed of Research, Beta Naphthol and Pilocarpine, combined with pure alcohol because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "33" Hair Tonic on your personal hair, and then you will know its value. It costs nothing to give you an absolute satisfaction. That's proof of our faith in it. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

Remember, we are basing our statements upon what has been accomplished by the use of Rexall "33" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on the three guarantees. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Salt Lake City from the Rexall Store, Smith Drug Co., Inc., "The Busy Corner," Smith Drug Co. No. 2, 106 S. Main St., and Druehl & Frank, 271 So. Main.

## RULES AGAINST STATE IN COAL LAND CASES

Register Decides That Applicants  
Shall Be Allowed to Complete  
Purchases.

Decisions were handed down by the register and receiver of the land office here, Thursday, in four cases, involving lands in the range 12 south and 10 east, near Price, Carbon county, the question being one of whether or not the lands, which had been sold to the State of Utah, should be sold to the applicants.

It was decided that the lands were valuable for coal, rather than for agricultural or grazing purposes, the decision being that the coal applicants should be allowed to complete their purchase and that the protest of the state be denied. In the case of Elmer Johnson, contestant, against Jodie Smith, in which it was alleged that Smith had not maintained a residence on his entry, the register and receiver decided the case in favor of Johnson, recommending that the entry be cancelled. This property is located in township 4 south, range 4 east, near Thistle, Utah county.

### ACQUITTAL FROM CHARGE CAUSES A CELEBRATION

Acquittal on a charge of robbery brought such a feeling of exultation to Edward Curley, dismissed from police court Wednesday, that he proceeded to celebrate the occasion with a joyous roundup of various brands of real liquor Wednesday night. Yesterday afternoon Curley was sentenced to thirty days in jail.

The man had proved himself innocent of the charge of robbing a Japanese restaurant at No. 22 1/2 Commercial street. He pleaded guilty to the charge of drunkenness.

S. A. Greenwood and C. D. Ray, charged with battery, will be given a hearing before Judge J. M. Bowman today.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

### SEEK FACTS ABOUT UTAH

State Conservation Commissioner  
Opens Office and Begins  
Work.

Colonel R. B. Mann, clerk for the Utah Conservation commission, has obtained office room in the office of Governor Spry and started to work yesterday in his crusade of "Know More About Utah." If T. Haines, state statistician, is aiding him, the work will be of great importance. Information will have to be obtained from citizens. The commission will issue a report in about a month, explaining its mission, but the report on Utah resources will not be made until some time in 1910.

### APPEALS FROM FINE FOR KEEPING MEADOW LARK

"Birdie" Collins, the colored pugilist, has appealed to the district court from the decision of Judge J. M. Bowman of the decision of Judge J. M. Bowman for having an insectivorous song bird—a meadow lark—in his possession. Collins was caught by Bill Bingley, deputy state fish and game commissioner, and was fined. The case will be a test of the state law.

### LOANS MONEY WITHOUT DOCUMENTARY PROOFS

David Kennedy is said to have loaned \$1,000 to Harry H. Baker, George P. Baker, George P. Baker, without the scratch of a pencil to show the debt. At other times he avers he loaned Harris \$100 and \$50. Suit was started yesterday to collect the money.

### ELECTION OF DIRECTORS.

Gould Controls Midland and Hill the Colorado & Southern.

Denver, Nov. 18.—Stockholders of both the Colorado & Southern and the Colorado Midland railroad elected directors here today. The result showed James J. Hill, the controlling figure in the Colorado & Southern, and the Goulds appear to be dominant among the Midland directors. The latter result, it is thought, will be to preclude a possibility of the Burlington using the Midland as a link in the chain of a new transcontinental line.

Directors elected were: By the Colorado & Southern—George B. Harris, George P. Baker, George P. Baker, Harry Bronner, W. P. Clough, Edwin Hawley, James J. Hill, James N. Hill, Daniel M. Nichols, Samuel H. Thompson, Frank Trumbull and Daniel Willard. By the Colorado Midland—George J. Gould, Edwin Gould, Edward T. Jeffries, Winslow Plover, Edwin Hawley, Harry Bronner, W. P. Clough, George R. Harris, Daniel Willard and Charles H. Schlacks.

## MINING COMPANY ACKS ACCOUNTING

Charge Is Made That Silver  
King Coalition Mines Com-  
pany Extracted Ore.

Alleging that the owners of the Silver King Coalition Mines company have been trespassing upon claims owned by others, and, by means of secret underground workings, have been extracting ores of the other company and converting them to their own use, the Utah Treasury district court has filed suit in the United States court against the Silver King Coalition people, comprising Tom Kearns, David Keith and others, asking for an accounting and for a partition of the property.

The suit involves claim mining claims which the two companies own jointly, adjoining their properties, in the Park City district. The complaint was filed by Howatt & Macmillan, attorneys for the Utah Treasury Hill, late Wednesday afternoon, in the United States court here. The papers allege that the Silver King people have worked under the property of the Utah company, included in the claims occupied jointly, and that the ores have been extracted.

An accounting is asked of the court, of the ores so extracted by the Silver King people, and the Utah owners ask that they be paid the value of the ores so extracted and converted. A partition of the property occupied jointly also is asked, the desire being that it be divided in an equitable manner.

### KILLS BIG WILD SWAN

Erastus Noble Finds Flock of Rare  
Birds at the Mouth of the  
Jordan River.

Erastus Noble was a visitor Thursday to the office of Fred W. Chambers, state fish and game commissioner, in the Dooly block, bearing a large wild swan, which he had shot Wednesday at the mouth of the Jordan river, near the grounds of the New State gun club. The bird is a fine specimen.

The swan measured 7 feet 3 inches between the tips of the wings, and from the tip of the wing to the tip of the tail measured 4 feet 7 inches. Mr. Noble shot the bird at a distance of 94 yards with No. 3 shot. He thought at the time that he had run on to a flock of geese, there being in the flock, as he found later, seven adults, one old one and six young ones. The bird killed was a young one.

The birds are rarely found in this neighborhood, and it is thought the flock was driven here from Canada by a storm.

We Want Our Regular Customers  
To take special heed of our great fur offering, for those who know the MEHESY label will at once recognize the advantage of early buying.

Character hall, Conservatory hall, Postoffice place, Monday. Prizes awarded. Hauerbach's band.

### THE ONE TONIC FOR DELICATE PEOPLE

Nursing Mothers and Women  
Who Need More Strength Find  
Dr. Williams' Pink Pills Per-  
fectly Adapted to Their  
Wants.

Some women recover their strength very slowly after an acute illness, after child-birth and other conditions of extreme debility. What is needed to assist nature is a tonic and, especially in the case of the nursing mother, care must be taken that it is a safe tonic, one from which the increased strength of the mother will be shared by the child. Debilitated persons are very liable to have weak digestions and in such cases the tonic remedy must be one that is acceptable to the most delicate stomach.

Dr. Williams' Pink Pills give to the blood the elements necessary to make it pure and red. For this reason they are the best tonic for all run-down conditions of the body. The experience of Mrs. L. Davis, of No. 409 Park avenue, St. Paul, Minn., proves the worth of these pills. She says:

"For two years after the birth of my child I was in a greatly run-down condition. I was too weak to do any work. I was very pale and thin and reduced in weight. It seemed as though there was no blood in my veins. I could not get rest at night as I was very nervous. I was subject to splitting headaches.

"The doctors said I was suffering with lack of blood and was all run down. They did not do me any good and I was discouraged. On one visit to the doctor he said that he would try one more thing and if that did not help me he did not know what to give me. When I left his office I took up the prescription and went to a drug store where I bought a box of Dr. Williams' Pink Pills. They seemed to help me and I soon began to have an appetite. I continued to improve until I could do my work and was finally cured."

If you are interested in the remedy that cured Mrs. Davis, write today for our booklet, "Cases of the Blood." It is free and will be sent postpaid. Dr. Williams' Pink Pills are sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## Great Sale of Children's Coats Saturday

Bring your children to our store Saturday. It's Shopping day for the children. We inaugurate a sale of Children's Coats Saturday morning that will astonish you. We have over two hundred coats of mixed cloth, in sizes 10 and 12 years—good, dark school coats. Divided into two lots—we offer them: One lot at \$2.00 each, and one lot at \$3.00 each. There isn't a coat worth less than double, and many are worth four times the price we ask. Now remember you can't buy them after 11:30 Saturday morning. The sale commences at 9 o'clock and lasts just two and one-half hours.

## Great Sale of Women's Coats Saturday

Saturday afternoon, from 2:30 to 5 o'clock, we offer one hundred and fifty Women's Long Coats, of all-wool mixture cloths; good styles, at prices that will astonish—when we assert that there isn't a garment worth less than three times, and a great many worth five times the price, you will agree when you see them. Divided in two lots. We offer one lot at \$3.00 each, and the other at \$5.00 each.

## Great Sale of Women's Suits Saturday

Saturday evening, from 7 to 9:30, we offer Women's Suits at astonishingly low prices. A hundred new Fall Suits, grouped in two lots—one at \$10.00 each, and the other at \$15.00 each—alterations free. You will wonder how we can do it when you see them. Good new styles and materials. Sample Suits, regular stock Suits; scarcely two alike. Remember the hours—7 to 9:30 o'clock—Saturday evening.

### AJAX MINING COMPANY, TINTIC.

Notice of Special Stockholders' Meeting.

NOTICE IS HEREBY GIVEN THAT there will be a special meeting of the stockholders of the Ajax Mining company, duly had and held at the office of the said company, room 306 Booby block, Salt Lake City, Utah, on the 26th day of November, 1909, at the hour of 3:00 o'clock p. m., on said day, said meeting to be held for the purpose of considering and passing upon the advisability of selling a certain portion of the real and personal property of said company, both real and personal, to the Gold Chain Mining company, as many shares of the capital stock of said Ajax Mining company as there are outstanding shares of the capital stock of said Ajax Mining company; and in case it is deemed advisable to make such sale and conveyance upon the said terms and conditions, then to authorize the board of directors of said Ajax Mining company to execute and deliver a deed of conveyance conveying all of the property, both real and personal, of said Ajax Mining company to said Gold Chain Mining company; and in case said sale and conveyance of the property of said Ajax Mining company shall not be authorized and directed at such stockholders' meeting, then at such meeting to consider the advisability of selling and conveying the property, both real and personal, of said Ajax Mining company to said Gold Chain Mining company for a cash consideration to be fixed and determined at such stockholders' meeting; and to take any and pass upon such other and further business as shall lawfully come before said meeting.

Said stockholders' meeting is called pursuant to a resolution of the board of directors of said Ajax Mining company.

J. M. BURY, Secretary.
